Wholesalers of HVAC Controls and Solutions since 1945

**Belimo Training – April 16 – Brighton, MA**

**Valve Retrofits & Sizing**  
**Join us at 9:00 for an all-day class:**

Retrofit solutions:

Learn to replace failed actuators with Belimo on existing globe and butterfly valves.

Sizing and selecting water control valves for commercial HVAC applications:

Participants will learn the formulas for calculating flow coefficients used to size valves, characteristics and limitations of zone, ball, globe, characterized control, high temperature characterized control, pressure independent characterized control and butterfly valves. A step by step guide to sizing, selecting and checking valves will be provided.

Please reserve your \$50 seat by emailing us [training@interstatecontrols.com](mailto:training@interstatecontrols.com)
