Wholesalers of HVAC Controls and Solutions since 1945

## Selectra modulating gas controls

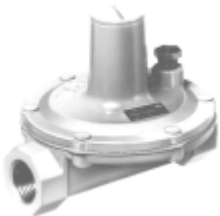

5/23/18 12:00 – 1:00 pm

Maxitrol's selectra system is used on a variety of OEMs direct and indirect fired equipment. Join us for a lesson in how the systems work. After this class you should have a good understanding of how to trouble shoot these controls.

## Gas Regulators

5/23/18 2:00 – 4:00 pm

This class will focus on proper sizing and selection of gas regulators. Gas regulators should not be selected by the size of the gas piping! We will cover low and medium pressure commercial regulators. This class will focus on the purpose and intent of gas regulation. We will discuss the different types of regulators, codes, and venting procedures.

# MAXITROL

You must pre - register for this free class. If the class is not full we may reschedule. Let us know if you are interested in this class but cannot attend this day or time.

Please reserve your FREE seat by emailing us [jeff@interstatecontrols.com](mailto:jeff@interstatecontrols.com)
